Abstract

Rev 1B - This short ebook describes the leaders of the gangstalking program against Targeted Individuals in the United States. Their names are David J. Glawe and Brian J. Murphy. I was able to track down these two criminals, due to the brave efforts of police whistleblowers. The Intelligence & Analysis Office of DHS provides funding, training, free software, database and contact lists, and some of the key personnel for the Fusion Centers in the United States. I & A Office coordinates between the Fusion Centers and works with the Emergency 911 Call Centers in the United States, to block and redirect the emergency calls of Targeted Individuals. Many Targeted Individuals have experienced what happens when making a 911 emergency call and no ambulance arrives, or police arrive and mock you.

In my opinion, Secretary Kirstjen Nielsen and President Trump do not know about the criminal conduct in the DHS Intelligence & Analysis Office. Organizational charts, background information, and further research are suggested for readers. Targeted Individuals are encouraged to write or call the DHS Secretary and FBI agents - and tell them what is happening. Try to use different channels to contact them. It appears that the Office of the DNI and FBI's Counterterrorism Department are also directly involved. Write to your Senators and Congressmen. Talk to your State legislators. Email your City Council members and Medical Doctors.

Introduction

David J. Glawe and Brian J. Murphy are the leaders of the Intelligence & Analysis (I & A) Office at the Department of Homeland Security (DHS). This division is directly responsible for the funding and staffing of federal DHS and FBI personnel at Fusion Centers located in every state. The DHS.gov website makes it clear that they also are involved with funding, staffing and strategy for the Emergency Call Centers that are located in every large city in the United States.

During 2018, at least 3 former police officers (whistleblowers) have come forward and stated that the Fusion Centers are the control stations for gangstalking. The DHS Intelligence & Analysis Office openly state on their website, that they provide funding, direction, and some of the key personnel to the Fusion Centers. The I & A Office also provides funding and some key personnel to the Emergency Call Centers (911) around the country. By providing funding to these organizations, I & A has policy and directional control of these organizations. This is important information for the Targeted Individual community, because it allows us to make a connection to the executives at the DHS that are funding and directing the gangstalking of thousands of Targeted Individuals in the United States. This author has previously estimated that there are about 170,000 Targeted Individuals in the United States, and more than 1

million worldwide.

Figure 1. DHS Office of Intelligence & Analysis.

<https://www.dhs.gov/publication/deployed-intelligence-officers-and>

Deployed Intelligence Officers and Protective Security Advisors

The U.S. Department of Homeland Security (DHS) deploys Intelligence Officers and Protective Security Advisors to support state, local, tribal, territorial, and private sector partners in advancing the homeland security mission. Intelligence officers are embedded in recognized state and major urban area fusion centers to advance the sharing of threat related information among federal, state, local, tribal, territorial, and private sector partners. Protective security advisors engage these partners as regional critical infrastructure security and resilience specialists, providing local perspective to—and supporting the development of—the national risk picture by identifying, assessing, monitoring, and minimizing risk to critical infrastructure at the regional, state, and local levels. Their distinct yet complementary roles enable intelligence officers and protective security advisors to jointly support DHS partners in ensuring the safety and security of our nation.

[State and major urban area fusion centers \(fusion centers\)](#) serve as focal points within the state and local environment for the receipt, analysis, gathering, and sharing of threat-related information between the federal government and state, local, tribal, territorial (SLTT) and private sector partners.

Figure 2. DHS provides key personnel to the Fusion Centers.

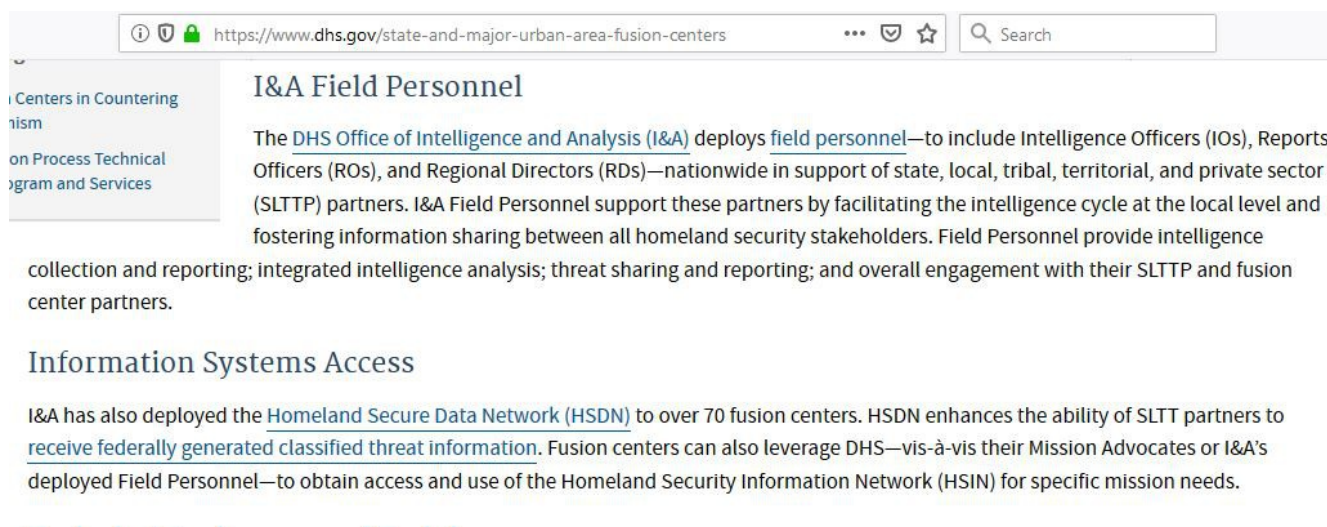

Figure 3. This DHS information shows that Fusion Centers are provided funding, key operational & training personnel, software and databases. Fusion Centers are coordinated and funded through the DHS Office of Intelligence & Analysis and the DNI. Some of the Fusion Centers claim they are locally operated. However, most of their funding, training, and software & databases, come from the DHS and DNI offices - that's where the policies and marching orders originate. If they don't follow the guidelines and follow orders, then the Fusion Center will not receive federal funds or key personnel. They are controlled by DHS.

<https://www.dhs.gov/state-and-major-urban-area-fusion-centers>

Although you have probably never heard of these two criminals, they are close to the top of the executive ranks in the Federal government. Glawe is head of the DHS Intelligence & Analysis Office. Organizationally, Glawe is two steps away from President Trump. Glawe's boss is Kirstjen Nielsen who was appointed by President Trump to lead the DHS. Secretary Nielsen is a cabinet-level appointment and probably communicates with the White House staff on a daily basis. This is how close these criminals are to the President, yet in my opinion, Secretary Nielsen and President Trump do not know about the gangstalking program. The program is strictly controlled by the CIA and the Council on Foreign Relations (CFR). This is

one example of how the Shadow Government and the Deep State operate. See the book, "The American Deep State," by Dr Peter Dale Scott, Professor at UC Berkeley.

David J. Glawe

Figure 4.

<https://www.dhs.gov/person/david-j-glawe>

The Honorable David J. Glawe was unanimously confirmed by the United States Senate on August 3, 2017, as the Under Secretary for Intelligence and Analysis at the Department of Homeland Security (DHS). He is charged with providing the Secretary, DHS senior leadership, DHS Components, and state, local, tribal, territorial, and private sector partners with the homeland security intelligence and information they need to keep the country safe, secure and resilient. The Office of Intelligence and Analysis (I&A) is a member of, and the Department's liaison to, the U.S. Intelligence Community (IC). He serves as the Chief Intelligence Officer for DHS and reports directly to the DHS Secretary and Director of National Intelligence.

Prior to his appointment, Mr. Glawe served as Special Assistant to the President and Senior Director for Homeland Security at the White House. He has over 26 years of national security and law enforcement experience, recently serving as the Assistant Commissioner, Office of Intelligence, U.S. Customs and Border Protection (CBP), where he led the development, coordination, and implementation of intelligence capabilities and operations in support of CBP's mission.

Mr. Glawe served in the Office of the Director of National Intelligence as the Deputy National Intelligence Manager for Threat Finance and Transnational Organized Crime overseeing and integrating IC's collection and analytic efforts. He subsequently served the President's National Security Council as the senior intelligence official implementing the President's strategy on Transnational Organized Crime within the intelligence and law enforcement communities.

Mr. Glawe was a Special Agent with the Federal Bureau of Investigation and a Supervisory Special Agent in the Counterterrorism Division. Earlier law enforcement positions include serving as a Federal Agent with the United States Postal Inspection Service and a Police

Officer in Houston, Texas, and Aurora, Colorado.

Mr. Glawe obtained a Bachelor of Arts degree from the University of Northern Iowa and is a graduate of the Harvard University, John F. Kennedy School of Government – Senior Managers in Government program. His numerous honors include the National Intelligence Superior Service Medal and the Department of Justice Meritorious Public Service Award.

Glawe's disclosures to the Senate Intelligence Committee:

Brian J. Murphy

Figure 6.

<https://www.dhs.gov/person/brian-murphy>

Brian Murphy is the Principal Deputy Under Secretary for the Office of Intelligence and Analysis. In that role, he advises and assists the Under Secretary and is responsible for the conduct of key intelligence activities supporting the Department of Homeland Security; State, Local, Tribal, Territorial and Private Sector partners; and the Intelligence Community, including: intelligence collection, production, dissemination, watch and warning, watch-listing and partner engagement. He also serves as the Deputy Chief Intelligence Officer for DHS.

Prior to this selection, he served as the Acting Principal Deputy for Intelligence and Analysis. Before joining DHS, Mr. Murphy was responsible for the Federal Bureau of Investigation's national level counterterrorism programs, intelligence sharing within the intelligence community and state and local law enforcement. In this role, he developed and implemented the FBI's counterterrorism program, including policy and budget development, training, and the buildout of several pilot field offices.

A distinguished law enforcement professional, Mr. Murphy began his FBI career in 1998 as a Violent Crime Inter-Agency Task Force Agent in the New York field office. He gained in-depth leadership and operational experience in his 20-year career through a variety of positions, including National Mission Manager, CT Division, 2006-2009; CT Attaché, US Embassy Algiers, 2009-2011; Joint Terrorism Task Force Supervisor, Pittsburgh Regional Area, 2011-2013; and Special Agent in Charge, Chicago Regional Area FBI Counterterrorism Office, 2013-2015.

Mr. Murphy was appointed into the Senior Executive Service in 2016. He earned a Bachelor of Arts in Government from the College of William & Mary, and a Master's degree in Islamic studies from Columbia University. He is also a veteran of the U.S. Marine Corps.

Author's note: These two men share a common background in the FBI's Counterterrorism

Office. This suggests that the FBI may hold their gangstalking operations under the Counterterrorism office. Note also that Murphy is involved with “Watchlisting,” which is likely how all Targeted Individuals are tracked. Murphy is also involved with “Partner Engagement” - which likely means that he works with Infragard, Citizen Corp, Neighborhood Watch, and other community groups to arrange for their funding and resources.

17 Intelligence Agencies

I & A states that they work with all 17 Intelligence agencies. As I have previously stated, the Terror Watchlist is used to track Targeted Individuals as “Non-Investigative Subjects” (NIS). This also explains why the FBI's Counterterrorism Department is involved – because they consider Targeted Individuals to be “terrorists.” Glawe and Murphy both were employees at the FBI's Counterterrorism Department. That's not a coincidence. The 17 Intelligence agencies are:

Office of the Director of National Intelligence

- Independent agencies
 - Central Intelligence Agency (CIA)
- United States Department of Defense
 - Defense Intelligence Agency (DIA)
 - National Security Agency (NSA)
 - National Geospatial-Intelligence Agency (NGA)
 - National Reconnaissance Office (NRO)
 - Twenty-Fifth Air Force (25 AF)
 - Military Intelligence Corps (MI)
 - Marine Corps Intelligence Activity (MCIA)
 - Office of Naval Intelligence (ONI)
- United States Department of Energy
 - Office of Intelligence and Counterintelligence (OICI)
- United States Department of Homeland Security
 - Office of Intelligence and Analysis (I&A)
 - Coast Guard Intelligence (CGI)
- United States Department of Justice
 - Federal Bureau of Investigation (FBI)
 - Office of National Security Intelligence (ONSI)
- United States Department of State
 - Bureau of Intelligence and Research (INR)
- United States Department of the Treasury
 - Office of Terrorism and Financial Intelligence (TFI)

Figure 7. 17 Intelligence Agencies. Targeted Individuals should be aware that each one of these agencies have people that contribute to the Gangstalking Program.

*Interesting that Wikipedia lists the CIA as an “Independent Agency” - apparently they don't follow orders from anyone?

Gangstalking is Psychological Torture

Psychological torture is considered a War Crime under Article 32 of the Geneva Conventions, which has a maximum sentence of the death penalty. The United States has been in a declared state of war, since October 2001, which invokes the Geneva Conventions. In the United States, it is also a serious felony charge – to conspire to violate the civil rights of thousands of U.S. citizens - a possible sentence of life in prison. Numerous state and federal laws are being broken every day by these criminals.

It is disturbing to even consider that these two executives get up every morning, and gladly plan for the torture of thousands of people in the United States. I am alarmed at the thought of even asking this question: How sick and disturbed does someone need to be, to willingly torture people every day? These are acts of violence that are beyond comprehension and beyond murder, in my opinion.

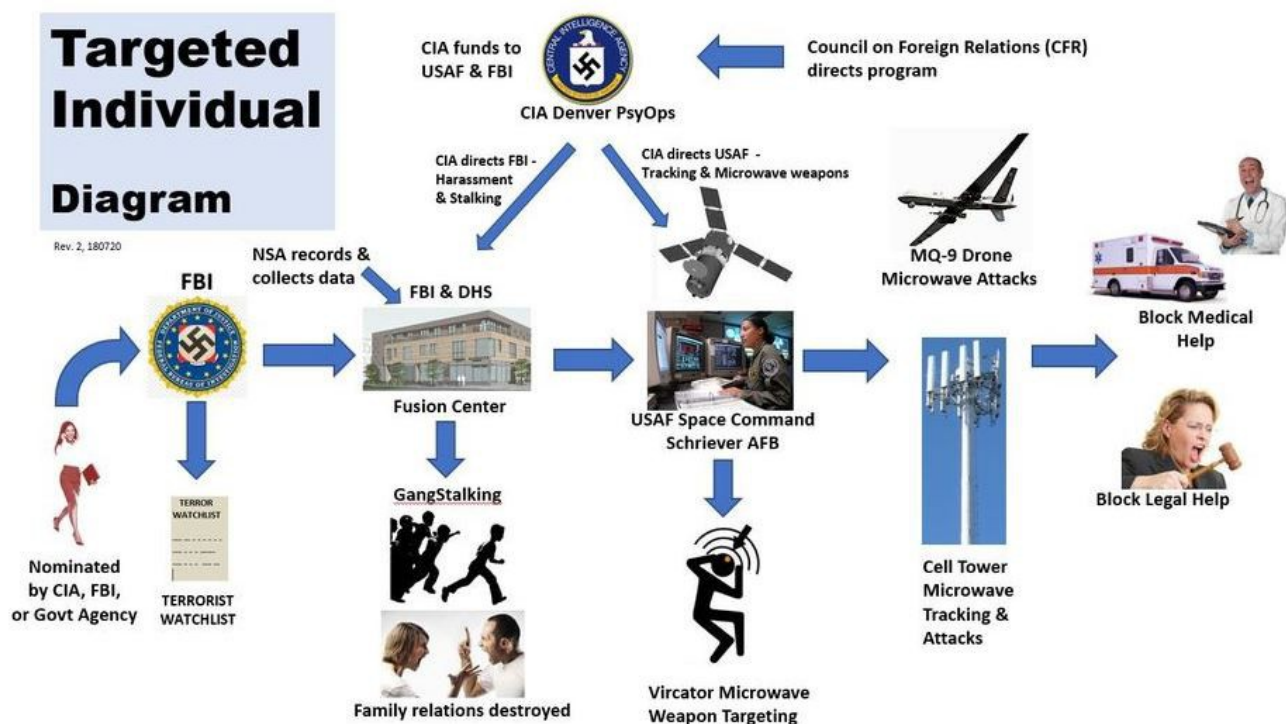

Figure 8. Diagram of a Targeted Individual.

<https://www.righthouse.com/targeted-individuals.html>

U.S. Department of Homeland Security

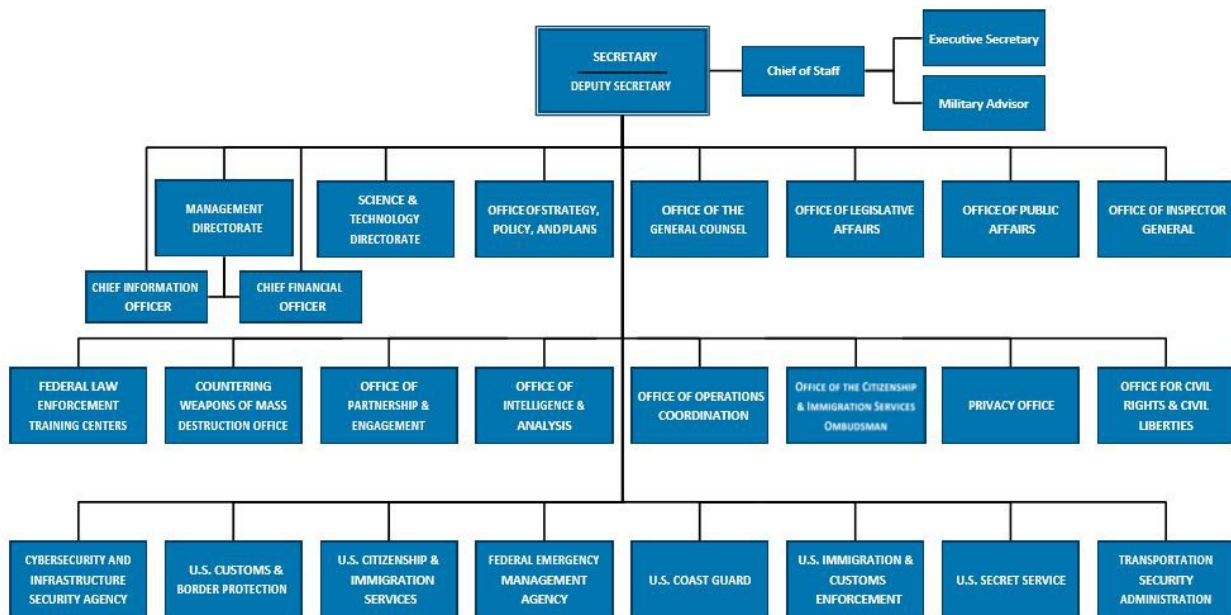

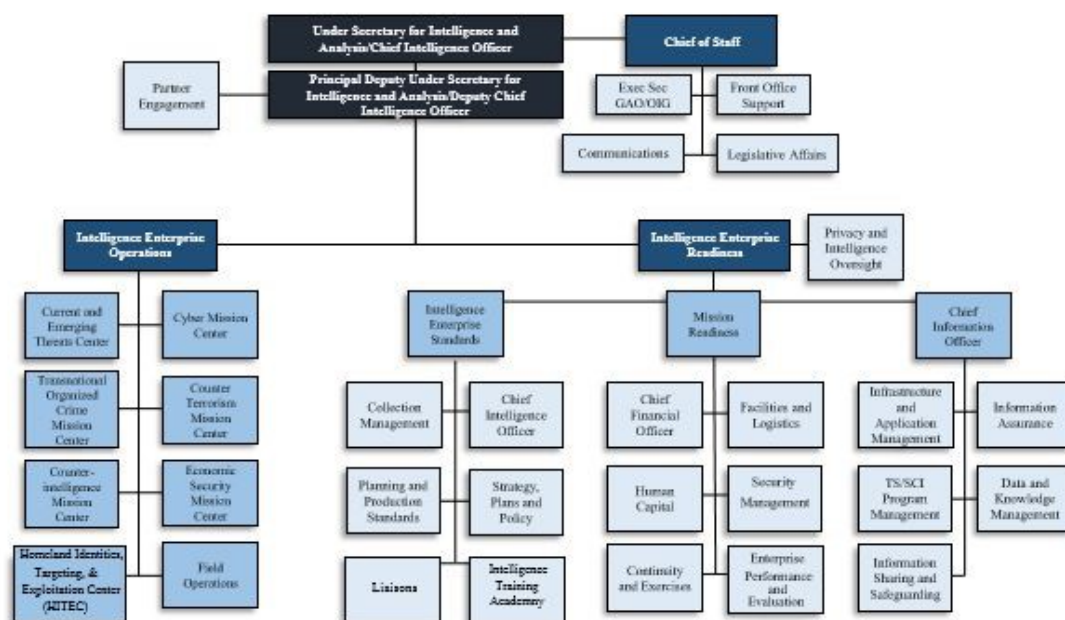

Figure 9. DHS Organizational Chart.
<https://www.dhs.gov/organizational-chart>

I&A Organizational Alignment

August 2018

Figure 10. DHS Intelligence & Analysis (I & A) Organizational Chart. The I & A group also reports to the Director of National Intelligence (DNI), which means there are people at DNI that are fully aware of the TI Program and the Gangstalking Program. Readers can learn and deduce many things by studying this diagram.

<https://www.dhs.gov/publication/office-intelligence-and-analysis-organizational-chart>

If you are working at a Fusion Center and the DHS Intelligence officer states that a TI's name appears on the Terror Watchlist – how many workers are going to question that? How many workers are going to ask for evidence to prove that a TI is actually a known or suspected terrorist? The Fusion Center and the Emergency Call Center is going to treat you like a real terrorist, because the DHS instructs them to do so. That is how TI's are denied medical and emergency help.

Background Information

Based on Murphy's job description, we can deduce that he is probably responsible for

negotiating the contracts with Citizen Corp, Infragard, Neighborhood Watch, and other local groups that are performing local gangstalking activities for the DHS. This also helps the DHS to avoid FOIA requests, because some of the activities are not performed by government officials. Clearly there is a mechanism for paying/funding these organizations.

In my opinion, David J. Glawe and Brian J. Murphy probably are involved with the international gangstalking efforts as well. I recommend that Targeted Individuals in other countries find the connection back to these criminals. There is likely a connection with Interpol, EU, and NATO organizations. Please help us do this research.

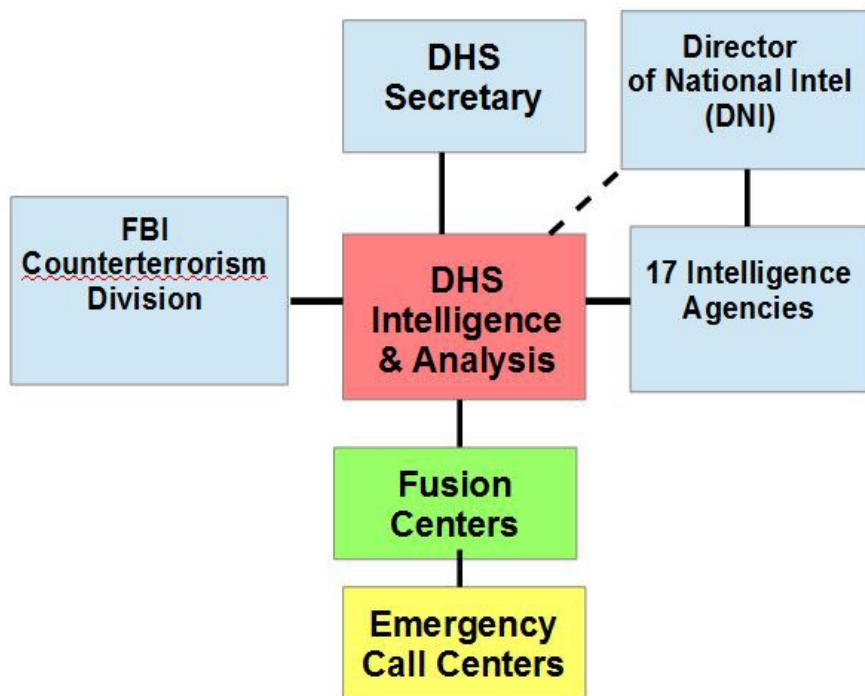

Figure 11. DHS flow chart. Glawe and Murphy get their real marching orders from the DNI office and the CIA-controlled Intelligence agencies. Secretary Kirstjen Nielsen probably does not know about the gangstalking operations. This is how the Deep State maintains its secrecy.

In my opinion, anyone at the Fusion Center or Emergency Call Center with the title, "Intelligence Supervisor" or "Intelligence Analyst" - is involved in the gangstalking and the coverup. Use a FOIA request to get the names of the local criminals that are staffing these facilities in your state. Also departments and titles that state "Humint" or "Human Intelligence" are often involved. Some of the names are openly posted on your city's website. It seems like the word "intelligence" is always associated with the government's illegal activity.

Primary Fusion Centers

Because primary fusion centers are designated by state Governors as the focal points within the state and local environment for the receipt, analysis, gathering, and sharing of threat-related information and have additional responsibilities related to the coordination of critical operational capabilities across the statewide fusion process with recognized fusion centers and nodes, the highest priority for the allocation of federal resources to fusion centers shall be directed to primary fusion centers. FFCSEs are committed to deploying personnel and establishing connectivity with federal data systems to primary fusion centers with the understanding that once resources are obligated by federal partners, they may not be immediately replaceable if the fusion center moves or relocates. In addition, primary fusion centers will be eligible to receive joint DHS/DOJ Fusion Process Technical Assistance Program services, as well as other training and exercise services directly related to the fusion process. Primary fusion centers will also receive invitations to National Fusion Center Conferences and Regional Workshops. Primary fusion centers will remain eligible for state and Urban Areas Security Initiative (UASI) grant programs, as applicable. When available resources are limited, FFCSEs may prioritize the allocation of resources to those fusion centers within this category based on the fusion centers'

Figure 12. Office of the Director of National Intelligence(DNI) also provides funding to the Fusion Centers. This is in addition to the DHS grant money. As they always say with corruption, just follow the money.

Suggested Actions for Targeted Individuals:

We need to identify the people at the other 17 intelligence agencies that work with Glawe and Murphy. These intelligence personnel are equally culpable, and should held accountable for their criminal actions. This can be done using internet search techniques, FOIA requests, and clever efforts. Please help us identify these other criminals.

Many of the employees at I & A are on LinkedIn, Facebook, and other social media. Please help us track them down.

Please also email everyone at the DHS and FBI, in any department. The best pressure we can put on these criminals – is telling all of their coworkers in the federal government exactly what they do.

Attention Mr Glawe and Mr Murphy: Obviously, there are people at the CIA that are willing to throw you to the wolves, if it suits their purposes. The CIA is not going to take care of you.

To learn more about how satellites and cell towers are used to keep track of everyone, as part of this illegal CIA program:

Figure 13. "How the USAF Tracks Everyone." RLighthouse.com
<https://www.rlighthouse.com/everyone-is-being-tracked.html>

Conclusions

Described in this ebook is some of the evidence implicating David J. Glawe and Brian J. Murphy as the leaders at the Department of Homeland Security, controlling the gangstalking operations in the United States.

Many of my phone calls and emails are routinely blocked by the government criminals.

Funding:

This research was generously supported with a grant from the Foundation Opposed to Academic Puffery (FOAP).

APPENDIX 1.

I am a proud government whistleblower – see my ebooks about the criminal acts of the CIA, FBI, and NSA. Readers are advised that the NSA may be blocking or restricting access to some of my ebooks, especially outside the United States. Readers are further advised that digital tracking tags may have been placed in my ebooks. It may be best to download from Apple iBooks, if possible. Note how slowly the jpg's load into the ebook when viewing. The content of some ebooks may have been altered – still trying to monitor this. If you have tried to contact me, it is possible that emails and phone calls are being blocked (RLighthouse – at – protonmail.com) 713.three.zero.six.8287.

The government criminals latest hacking efforts include hiding information within the Page Break character. I am unable to delete these new page lines. Other times, tracking tags or codes are hidden within the images. I suggest - print the document out at low resolution, and then share as a paper copy for distribution.

Readers are advised to review the website drjudywood.com which provides compelling evidence about 9-11. Dr Judy Wood and Dr Morgan Reynolds, university professors, filed lawsuits against the US Government for fraud and conspiracy about 9-11. Dr Woods scientific presentation is available on youtube and other websites. Readers are also advised to see the movie "Unacknowledged" by Dr Steven Greer, M.D. It is available for on Netflix, and to watch the youtube videos by the Honorable Paul Hellyer, former Canadian Minister of Defense. He has a book titled, "The Money Mafia."

For more than 6 years, this author has been stalked, harassed, and threatened by US Government agents from the CIA, FBI, and NSA - because of the content of my writings. My home has been broken into, repeatedly. In May 2014, my girlfriend was drugged and kidnapped from LaGuardia airport. She was unconscious for more than 4 hours. This is not a joke. My computer, phone, and alarm system have been hacked, including those of my friends and family. It is truly sad and pathetic, these agencies have become criminal organizations. If something happens to me (disappearance, false criminal charges, sudden accident, etc) - my readers can be certain that the CIA and FBI were involved. I would never deliberately harm myself, it is against my beliefs. In my opinion, the CIA and the Council on Foreign Relations (CFR) are directing these criminal acts; David Rockefeller was the CEO and Chairman for many years.

"The CIA and FBI are behind most, if not all terrorism."

- Ted Gunderson, former FBI Chief

OFFICE OF INSPECTOR GENERAL

Department of Homeland Security

Washington, DC 20528 / www.oig.dhs.gov

May 17, 2016

MEMORANDUM FOR: The Honorable Brigadier General Francis X. Taylor
Under Secretary for Intelligence and Analysis
Office of Intelligence and Analysis

FROM:

Sondra McCauley
Assistant Inspector General
Office of Information Technology Audits

SUBJECT: *Office of Intelligence and Analysis Can Improve Transparency and Privacy*

Attached for your action is our final report, *Office of Intelligence and Analysis Can Improve Transparency and Privacy*. We incorporated the formal comments provided by your office.

The report contains six recommendations aimed at improving transparency and privacy. Your office concurred with these six recommendations. As

“Over the past four years, employees have left DHS at a rate nearly twice as fast as in the federal government overall, and the trend is accelerating, according to a review of a federal database.

The departures are a result of what employees widely describe as a dysfunctional work environment, abysmal morale, and the lure of private security companies paying top dollar that have proliferated in Washington since the Sept. 11, 2001, attacks.

The department's terrorism intelligence arm, for example, has cycled through six directors during the Obama administration, decimating morale and contributing to months-long delays in releasing intelligence reports, according to interviews and government reports."
