

PRAYER POINTS

Week of July 6

Prayer Points from ministry leaders around the world:

- A Resonate church planter in Michigan asks you to pray for a young man from a Muslim background who attended a worship service. He was very open to the gospel and touched by the visible difference in Christians' lives. Pray for God to continue working in this man's heart.
- "I'm really hopeful for the church during this time," said Ashley Bonnes, pastor of Lafayette CRC in Indiana. "I think the church as a whole is being a witness that we have something more foundational." Pray for Ashley and other ministry leaders that Resonate works with as they equip CRC congregations to be a witness for Christ during the coronavirus pandemic.
- Pray for the Nehemiah Center, a Resonate partner in Nicaragua, as they support churches and pastors amid the effects of COVID-19. The coronavirus has hit the country hard. There have been a lot of sick people, many lives lost, and many people struggling to provide for their families.
- Resonate missionaries Steve and Sandra Brauning in the Dominican Republic ask you to pray for churches and Christian schools in the country that have been hit very hard economically because of the COVID-19 pandemic. "Pray that they would be able to continue to minister and that our national team would be able to continue to sustain them," ask Steve and Sandra.
- Give thanks for the collaboration among Resonate missionaries across borders that made a discipleship opportunity possible! Please pray for Lupita, Álvaro, and the other participants as they give back to God's kingdom!
- Pray for Resonate missionaries who teach in Christian schools throughout the world. With COVID-19 and

discussions about racial injustice, students are grappling with difficult questions. Pray for the Holy Spirit to guide teachers as they disciple students to be Christ's witnesses in their communities.

Your prayer matters!

We recently asked you to pray for Bridge Church, a Resonate church plant partner in Alberta, as they followed up with people who attend their drive-in Easter worship service this year. Thank you for praying!

During the service, 25 people texted in, saying they wanted to give their lives to Christ. Pastor Ryan Pedde and his team have been discipling people over video call. The church is expecting to see baptisms soon!

Please continue to pray for Bridge Church and the people who have committed their lives to Christ!

Thank you for your faithful prayers. To subscribe to Prayer Points, visit www.resonateglobalmission.org/subscribe
