Criteria for admission

Applicants should satisfy the following criteria:

- Be from an EFLM National Society Members;
- Be an EFLM Academy Member in order with the annual fee;
- Young participants (≤35y at the date of the event);
- Having an abstract accepted as First Author (if this modality is applied).

Completeness of the required documentation for admission (application form, copy of the ID or passport, document proving the membership to the National Society and EFLM Academy membership, notification of abstract acceptance, copy of the abstract) will be checked by the EFLM Office.

Evaluation process

The evaluation process of the applications for EFLM bursaries on occasion of EFLM event will consist of two different levels of evaluation as follows:

1. the evaluation of the abstract submitted for the EFLM event (if this modality is applied);

2. the evaluation of the CV.

1. the evaluation of the abstract

The panel in charge of the evaluation of the bursary's applications is composed of the at least three members of the C-ET including the Chair.

Names of authors at the abstract should be black out for the evaluation (double blind evaluation). The EFLM Office will prepare a file containing the abstracts (only one per applicant) without the indication of the authorship. To each abstract will be assigned an ID number.

2. the evaluation of the CV

The evaluation of the CV will be assigned to a member from the C-ET Committee who is not involved in evaluation of abstracts.

Further notes

Applicants who already benefited of an EFLM bursaries are excluded from evaluation if the number of applications exceed the number of allocated bursaries.

Available bursaries can be allocated max one per county to the candidate with the best score among the applicants from the same country (if the number of applications exceed the number of allocated bursaries).

According to the EFLM Transparency Policy, all bursaries applicants' names, evaluation ranking and reasons for that ranking will be made available to every bursary applicant.

EVALUATION OF APPLICATIONS

The following weighting scale will be applied in evaluating applications.

A - Evaluation of the abstract		
1.	The abstract is prepared according Instructions for authors (according the proposition prescribed by congresses/ conference committees).	2
2.	The title is in concordance with the aim and conclusions.	2
3.	The aim is clearly defined.	2
4.	List of subjects, material and methods is provided (the number of subject, analysers, methods, manufacturer, statistical analysis).	2
5.	Statistical analysis is in concordance with the data and the aim.	2
6.	Relevancy of dana presentation (results are shown with numerical dana including P-values and confidence intervals-if applicable)	2
7.	The conclusions follow the results.	2
8.	The conclusions are in concordance with the aim (presented as the answer to the aim of the study).	2
9.	The abstract present original work.	2
Max total points for the abstract
