

The Altar Within

An in-person retreat with Coreen Walson

Abiquiu, NM

Take Me to Truth, Inc.

This is the retreat the ego warned you about!

This December, we are gathering in Abiquiu, New Mexico to say goodbye to ego identification and its fearful projections, and through deep acceptance of Love and Truth's transformative power, allow the Holy Self to rise in its place. Step by step, we will see undeniably how the ego is only a false picture overlaying the one and only view of Creation, and how the Love we are is the key to accessing it.

Where?

This retreat will be held at the beautiful Abiquiu Inn. This is the perfect setting with beautiful rooms (with fireplaces!), exceptional food (Café Abiquiu onsite), gift shop, conference room, and incredible site seeing all around, yes, even in December. <https://www.abiquiuiinn.com>, <https://www.abiquiuiinn.com/cafe-abiquiu>

Note: Abiquiu is approximately a one-hour drive northwest of Santa Fe.

When?

December 11th through the 16th of 2022

How much?

All guests will arrange for their own travel, rooms and food. The cost of the retreat itself is \$425 USD (early bird registration) per participant. Many of the rooms have kitchenettes for those that do not desire to eat out. See below for more details about registration. The retreat fee does not include transportation, accommodations and food expenses.

Who is presenting?

Our Sister Coreen Walson has received a joyful nudge from Holy Spirit to bring this healing retreat to the Sonship. She brings a rich background in Christian Science and literal healings as well as many years of A Course in Miracles with Nouk Sanchez. With a sense of humor and a love for God, she makes digesting the absolute metaphysics fun and easy.

What's in it for me?

It is not possible that the one who earnestly starts this retreat is ignorant of all the ego thought system is and claims to do. We will explore together how to heal the mind of all ego identification and the relationship between forgiveness and literal healing miracles. We will also learn how to take dominion over many aspects of one's life in this ego dream. We will touch upon the Holy Relationship as the means to ensure that we stay on track to a mind that is whole and healed. All we need is the willingness and an open mind. This event will catapult our awakening journey because it returns our mind to the Love we are.
